To whom it may concern.

Re: Melanie Atkins

I have known Melanie for many years. Melanie is a very bright person with an outgoing cheerful personality.

Whilst Melanie is widely travelled, she has strong ties to the NSW south coast region.

Since returning to the area she has put her substantial skills in social media and publicity to very good use helping local businesses in this area.

During the Covid-19 lockdown Melanie run 2 very successful campaigns for The Tilba Sweet Spot one for Easter and one for Mothers Day.

At the time these two campaigns were the only source of income for the Tilba Sweet Spot and the business was very grateful to have her services.

In the two campaigns, Melanie used her skills to package, photograph, present and promote via social media an offering to people in lock-down who had little opportunity to do something for family and friends.

I know this brought joy to the people who received the gift packs and provide another wise non-existent income for the Tilba Sweet Spot.

In addition, Melanie uses her skills to run her social media business to help promote and inform for a growing number of businesses on the NSW south coast.

Melanie is very easy to work with, diligent in her work ethic and a very reliable and enthusiastic young lady.

I would highly recommend Melanie to any prospective employer.
